A Few Facts Regarding *Nautalloy*

Nautalloy is our trade mark for the finest aluminum alloy which can be obtained; meeting Navy Specification 46A-1.

Nautalloy Hardware is now being used by the U. S. Navy and Air Forces and must stand the severest tests for strength and resistance to salt water corrosion.

Nautalloy Hardware is cast, machined and polished to a high chrome-like finish. There is no plating to chip or peel off.

Only under the severest salt water conditions will *Nautalloy* dull slightly; and then the original high polish can be restored easily by using a damp rag with mild cleaner or a special polishing cloth, the Yachtman Cloth, see page 21.

PROMPT DELIVERY

Unfortunately the marine business is seasonal in most parts of the country, therefore we realize the importance of prompt delivery to our customers.

We have always prided ourselves on prompt delivery and we are continuing to streamline our operations in order to effect delivery within 24 hours.

For the marine trade we realize that Service is our most important product.

Streamline *Nantalloy* Small Boat Hardware

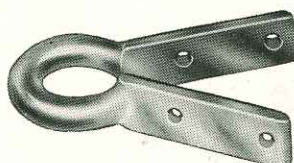

No. 100 STREAMLINE CLEATS

2" (Fender)	drilled for No. 6 Screws	\$.90 each

Design Division

No. 104
BOW PLATE

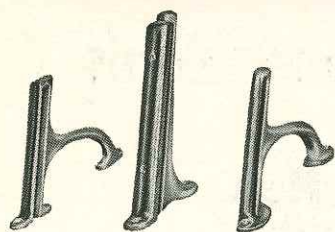

A graceful heavy duty bow fitting
Length $4\frac{3}{4}''$ inches Width $4\frac{1}{2}''$ inches
Drilled for #12 Screws
\$2.75 each

BOW EYES (guaranteed unbreakable)

A new principle in Bow Eyes—made with $\frac{3}{8}''$ Stainless Steel Shank. Tested for 5000 lb. pull.

	Dia. of Shank	Length of Shank	I. D. Eye	Thread Length	List Price
903	$\frac{3}{8}''$	3"	1"	$2\frac{1}{2}''$	\$1.50
906	$\frac{3}{8}''$	6"	1"	$5\frac{1}{2}''$	\$1.75

No. 700

No. 700 STREAMLINE WINDSHIELD BRACKET KIT

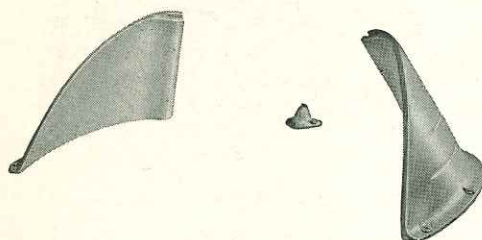

Includes: 2½ ft. Channel Rubber and
5 ft. Rubber Deck Moulding
Side Posts 5½ inches Center Post 8 inches
Center Post in Two Pieces, For Easy Installation
Drilled for No. 10 Screws Which Are Included
\$13.95 per Kit

No. 701

No. 701 STREAMLINE WINDSHIELD BRACKET SET

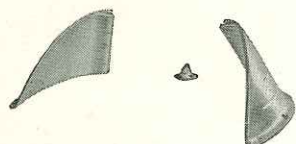

Side Posts 4½ inches Center Post 8 inches
Center Post in Two Pieces, For Easy Installation
Drilled for No. 10 Screws
Without rubber and screws **\$10.25 per Set**
With all the necessary rubber & screws **\$12.25 per Kit**

No. 702

No. 702 STREAMLINE WINDSHIELD BRACKET KIT

New wrap-around styling for use with #710 Series
Nautalloy Ready-Cut Curved Plexiglas Windshields.
Consists of two side pieces with center wedge to as-
sure firm fastening of windshield to deck. Complete
with five feet of deck rubber and fastenings.
Drilled for #12 Screws
Base 10½" Height 6¾"
\$16.95 for complete Kit
Extra Center Wedge \$.35

No. 703

No. 703 STREAMLINE WINDSHIELD BRACKET KIT

Similar design to #702 Brackets with smaller dimen-
sions for use with #710 Series *Nautalloy* Ready-Cut
Curved Plexiglas Windshields. Consists of two side
pieces with center wedge. Complete with five feet of
deck rubber and fastenings. Drilled for #12 Screws.
Base 6¼" Height 6¾"
\$11.95 for complete Kit
Extra Center Wedge \$.35

No. 706 CURVED PLEXIGLAS WINDSHIELD KIT

A Kit Consisting of 1 Sheet of Scratch-
Resisting Plexiglas 12" x 60"
Includes Cardboard for use as Template with
Complete Instructions for making a
Curved Windshield
Plexiglas only, Brackets not included.
In two colors: Clear **\$18.95**
Tinted Green **\$19.50**

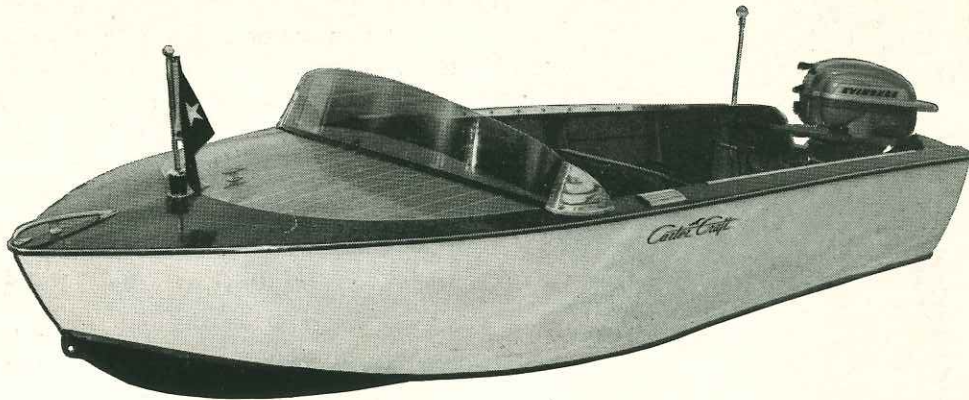

No. 705 PLEXIGLAS WINDSHIELD KIT

A Kit consisting of 2 sheets of scratch-resisting
Plexiglas, each 12" x 24" x 3/16" thick
Includes cardboard for use as template with
complete instructions for cutting and fitting
your own windshield
Plexiglas only, Brackets not included.
\$14.95 per Kit

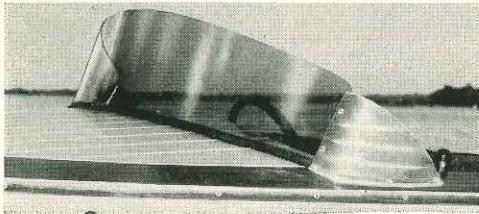

Ready-Cut Curved Plexiglas Windshields

No. 710

Curved
Windshield
Installed

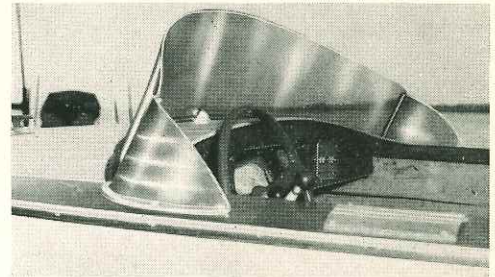

In 4 sizes
for all
Boats

Typical Installations

Pat. pending

U. S. Patent Office
MAY 29 1956
Design Division

Designed for use with our #702, #703 & #704 Wrap-around Style Windshield Brackets. Ready-Cut Plexiglas Windshields can be installed with these streamlined brackets on **any** Outboard Boat or Cruiser in 5 minutes.

ITEM	MEASUREMENT Width of deck 6 inches forward of coaming (where center of windshield is mounted)	List Prices	
		Clear	Blue-Green Tint
710 A	44-52 inches	\$17.45	\$18.45
710 B } Popular for	53-57 inches	17.45	18.45
710 C } Most boats	58-67 inches	19.45	20.45
710 D	68 inches and wider	19.45	20.45

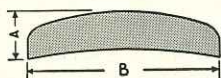

HOW TO ORDER:

Measure width of deck 6" or 8" forward of coaming (where windshield is to be mounted). Using this measurement, order windshield from above chart.

For boats with center ridge on deck, order extra center wedge for mounting on both sides of ridge. See Page 6 - #702 and #703 Windshield Brackets.

Nantalloy Boat Mouldings

Nautalloy Outboard Steerers

NEW TWO SPOKE DESIGN

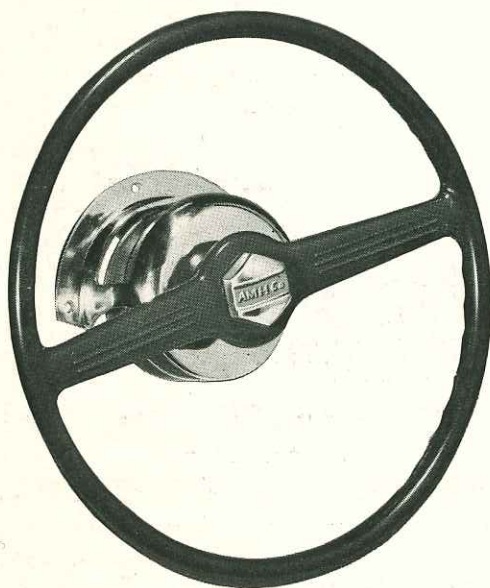

No. 800

DELUXE RUNABOUT STEERER

- Featuring the new Safety Lock Nut on each end of shaft for safe operation.
- All Steel parts plated for resistance to salt water.
- Beautiful Chrome-polished Nautalloy Mounting Bracket and Sheave.
- Can be mounted without cutting holes in dashboard.
- Supplied with Chrome plated Bolts and Nuts.
- Featuring the popular Red Steering Wheel Rim.
- A Quality Wheel with Safety Lock Nut Device.

\$16.95 each

All Wheels supplied with Red Rims

No. 805

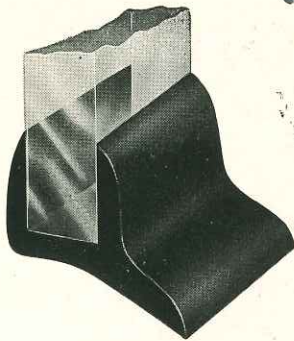

RACING OUTBOARD STEERER

- Featuring a sturdy heavy duty construction preferred by leading Outboard Racing Drivers.
- Both ends of shaft fastened with a Safety Lock Nut which cannot vibrate loose.
- Beautiful Chrome-polished Mounting Housing protectively covering the sturdy one piece polished sheave.
- Popular Red 2 spoke Steering Wheel Rim with reinforced steel center for maximum rigidity.
- Oilite Thrust Bearing for easier steering.

Fastenings For *Nautalloy* Hardware

Proper Fastenings for *Nautalloy*

In fresh water no precautions need to be taken regarding fastening *Nautalloy*. However in salt water electrolysis may occur if certain dissimilar metals come in contact. Therefore in salt water *Nautalloy* should be fastened with *Nautalloy* (Aluminum), Stainless Steel, Monel, or a good Chrome Plated Brass Fastening. Never use bare brass or bronze in contact with *Nautalloy*.
